

MUHAMMAD FAZA AQILA

Serang City, Indonesia | chilzstrange@gmail.com | +62 813 1671 7939 | [LinkedIn](#)

First-year Computer Science student with a strong passion for Artificial Intelligence, Machine Learning, and Software Engineering. I am motivated to understand how intelligent systems work and how engineering principles can be applied to build reliable and scalable solutions. With a strong curiosity and eagerness to grow, I actively seek opportunities to improve my skills, collaborate on projects, and contribute to impactful technologies.
